

SIGMA GEN3 PRO

Sigma Gen3 Pro luminaire combines functionality with clear streamlined appearance. Sigma Gen3 Pro is an environmentally tolerant (IP65 & IK09/IK08) luminaire with seamless wall surfaces that are easy to keep clean. Available versions with separate driver box for high ambient temperature environments (Ta+50°C, Ta+60°C, Ta+70°C) and surface treatment options for different applications and environments.

Benefits

LED high bay luminaire with high luminous output, energy efficiency and long lifetime for industry and sport premises. Environmentally tolerant structure for demanding conditions (IP65 & IK09/IK08 & pressure equalizing vent). Luminaire is easy to assemble, keep clean and maintain.

Suitability

Thanks to its high-quality and versatile light distributions, the luminaire is well suited for lighting industrial or food industry premises, warehouses as well as sports facilities. The most efficient versions in terms of light output are particularly suitable for lighting high industrial premises.
